

## LIFE OF A PIMPLE.

Complexions are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of posam, a new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining an experimental package. Everyone who has tried it knows that the fifty-cent box, on sale at drug stores, is sufficient to cure the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, blotches, scaly scalp, hives, barbers' and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of posam on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them. As to the experimental package of posam, it can be had free of charge by mail, of the Dispensary Laboratories, 32 West Twenty-first Street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.
